

**Central Corridor Station Area Planning: Proposed Fall Schedule for Station Area Planning
(Hamline, Victoria, and Western)
10/29/09 DRAFT**

We welcome your thoughts and ideas about how areas around the proposed LRT stops should grow and change in the future!

November 17 and 18

- Series of public “roundtables” over two days
- Location: Central Corridor Resource Center (old Lexington Library), 1080 University Ave.
- Each session will be 3-4 hours long, beginning with an open house with refreshments
- Each session begins with an overview of the recently completed *Central Corridor Development Strategy* and the ideas it has generated for each station area.
- Participants “break-out” into groups for facilitated discussion of challenges and opportunities for each station areas.
- Each evening will conclude with group presentations on the major themes and ideas from the breakout sessions.
- Maps and physical 3-D models of station areas will be used to facilitate discussion.

December 16

- Second Steering Committee meeting
- Review roundtable discussions
- Discuss upcoming workshops

January Workshops

- Workshop dates are TBD, but all will be held at the Central Corridor Resource Center at 1080 University Avenue.
- Results from November roundtables will provide input and help inform workshops.
- One day-long workshop held for each station area:
 - Daytime workshops using 3-D foam core models and other graphics to develop a draft plan for each station area.
 - Workshop participants to include design professionals, city staff from PED, Public Works, and Parks, plus selected community members (key property owners, residents, business owners, institutional representatives, community organizations, District Councils, and steering committee members with interest in that station).
- Results will be presented at the conclusion of the final workshop day, and will assist and inform the preparation of the Station Area Planning draft documents.
